Education

Vel's University <i>Master of Computer Application</i>	Aug. 2025 – May 2027 CGPA - 8.3
Vel's University <i>Bachelor Computer Application</i>	Aug. 2022 – May 2025 CGPA - 7.54
Little Flower Matric Hr Sec School <i>12th Computer Science with Mathematics</i>	Jul 2021 – May 2022 PERCENTAGE - 69.5
Little Flower Matric Hr Sec School <i>10th</i>	Jul. 2019 – May 2020 PERCENTAGE - 75

Projects

Personal Assistant | *HTML, CSS, JAVASCRIPT, Python*

- Developed a **voice-activated personal assistant** using Python, JAVASCRIPT, HTML, and CSS.
- Implemented **speech recognition technologies** to enable interaction with the personal assistant .
- Designed an **intuitive user interface** using HTML and CSS for seamless user experience .

car sales dashboard | *python,power BI*

- This interactive dashboard provides a comprehensive overview of car sales across different months, districts, and states.
- It helps identify peak sales periods, top-performing regions, and overall market trends.
- Users can filter data by month to analyze seasonal patterns and evaluate the performance of specific areas, enabling data-driven decisions for inventory, marketing, and sales strategies.

Real-Time Alarm System | *python*

- Designed a real-time alarm system using Python's datetime module and playsound library.
- Users can set an alarm by specifying the hour, minute, and second. The program continuously checks the current time and, upon matching the alarm time, triggers an audio alert. .
- Implemented object-oriented programming practices such as inheritance to create different account types and databases..

Internship

Ilife technologies September 2024 – October 2024

Web Developer Intern

- Completed an internship at Ilife technologies, focusing on Web development..
- Responsibilities included contributing to the development and enhancement of web applications, implementing front-end features using HTML, CSS, and JavaScript, and collaborating with the team to ensure optimal user experience and performance...
- Gained hands-on experience in coding and applying best practices in web development in HTML, CSS and JAVASCRIPT.

Technical Skills

Languages: Python, Java, HTML/CSS, JavaScript, SQL, OOPS, DSA
Developer Tools: VS Code, Power BI, Android Studio
Technologies/Frameworks: GitHub

Relevant Coursework

- Certified Professional – Selenium Automation Testing (CP-SAT) – Foundation Level**, CP-SAT Foundation (*Apr 2026 – Valid until Apr 2031*)
- Advanced Course on Green Skills and Artificial Intelligence**, Skills4Future Program (*Jan 2025 – Feb 2025*)
- Programming in Java**NPTL (SWAYAM) — January 2026 – April 2026
- Full Stack Development** – NoviTech R&D Pvt. Ltd. (Aug 2024 – Sep 2024)

Achievement

WEB DESIGNER

2nd place, Web Designing, VISTAS 2025.

DATA ANALYTICS

Participate, Data Analytics, CIT 2026

Conference Presentation /Publication

National Conference on Data Analytics and Intelligence Computing Apr 2025

A Voice-Activated Personal Assistant Using Python

- Presented a research paper on developing a Python-based voice-activated personal assistant.
- Discussed the design, implementation, and real-world applications of AI-powered voice assistants.
- Conference Proceedings ISBN: **978-93-49030-79-4**
